INDIA OFFICE, LONDON,
22nd October 1925.

No. 9. Accounts.

To HIS EXCELLENCY THE RIGHT HONOURABLE THE GOVERNOR-GENERAL OF INDIA IN COUNCIL.

MY LORD,

Indian Civil Service Family Pension Regulations retained as Statutory Rules.

I enclose copy of a Resolution passed by me in Council making Rules under section 96B (2) of the Government of India Act, for the regulation of Family Pensions of the Indian Civil Service.

2. These Rules are in the main a redraft, in a form more suitable for Statutory Rules, of the Indian Civil Service Family Pension Regulations hitherto in force; but opportunity has been taken to revise the substance of those Regulations in certain respects.

3. The Preamble to the Regulations contains a proviso to the effect that the benefits provided at the cost of the State are to be reduced should it at any time appear, from a valuation, that their aggregate annual amount will exceed £35,000 when the pension list shall have reached a normal state. The reasons for which this proviso was adopted are not now clear; but it may be observed that the limit was fixed at a time when the active service cadre of the Indian Civil Service was approximately 800, and it would therefore have been a matter for consideration, had the conditions prevailing immediately before the war continued, whether, in the event of the proviso appearing likely to become operative, the figure should not in equity have been raised to correspond with the increased cadre. With the changed conditions of to-day, the proviso has to a great extent lost its meaning. It is based on the idea of already approach to a stationary state, and with a reduced membership no such approach is naturally being made. The probable course of the balance in the future will be increase up to a peak and then decrease, with the possibility of ultimate decline to a stationary condition corresponding to some comparatively small membership. It might be possible to replace the present limit of £35,000 by a

variable amount dependent on the membership. It appears certain, however from the figures given by the late Sir G. Hardy in his Report on the state of the Scheme as at 31st March 1911, that the cost of the Government contribution per member does not exceed that originally contemplated, as measured by the limit then imposed. In view of this fact and of the possibility that a reduction of the expressed limit might be regarded as a breach of faith, I have decided not to include in the new Rules any limitation based on the proviso.

4. The existing Regulations contain somewhat elaborate provisions limiting the right of admittance of the posthumous child. These provisions, though doubtless justifiable in theory, are in practice likely to be productive of trouble and possible hardship out of proportion to any benefit gained. The new Rules accordingly provide for the unconditional admittance of such children, subject, of course, in the case of marriages after retirement, to payment of the appropriate donation.

5. I enclose also copy of a Resolution passed by me in Council making Rules confirming the position of Indian members of the Service appointed since 4th January 1923 or appointed before 1912 and admitted as subscribers.

I have the honour to be,

My Lord,

Your Lordship's most obedient humble Servant,

(Signed) BIRKENHEAD.

ENCLOSURE.

(b) were appointed in the years 1912 and 1913 and have been admitted as subscribers.

(3) If any question arises as to whether these Rules apply or do not apply to any individual member of the Indian Civil Service, the question shall be decided by the Secretary of State in Council and his decision shall be final.

5. A *pro forma* account shall be maintained by the Secretary of State in Council of all contributions and payments received and of all disbursements made therefrom, together with an account of interest accruing on the balance calculated at such rates as may from time to time be fixed by the Secretary of State in Council with reference to the market rates of the day.

7. Provided that the Secretary of State in Council may at his discretion permit any subscriber who has resigned without being entitled to an annuity or pension to continue his contributions and thereby to retain for his family the benefits of these Rules, and if such permission is granted contributions shall be payable until the subscriber's 54th birthday.

10. Subject to the provisions of Rule 8, the contribution payable on behalf of a child is payable in the case of a son until his attainment of the age of 24 years or previous death, and in the case of a daughter until her marriage or previous death.

11. (3) A donation payable on marriage shall be increased by 2½ per cent if the fact of marriage is not reported within one month from the date thereof, and by 5 per cent if the delay exceeds six months. If the marriage is not reported within one year the subscriber may be required to produce medical evidence as to the state of his health in the form prescribed in the Fifth Schedule, and the Secretary of State in Council shall in each case decide whether, and, if so, on what terms liability for widow's pension shall be accepted.

12. If the delay exceeds 12 months, the subscriber may be required to produce medical evidence as to the state of his health in the form prescribed in the Fifth Schedule, and the Secretary of State in Council shall in each case decide whether, and, if so, on what terms liability for orphan's pensions shall be accepted.

13. Reduction to the half rate shall take effect from the commencement of the quarter following that in which the remarriage occurred, the full pension shall be restored from the day following that on which the pensioner again becomes a widow.

No. 324 —

Scheme for the Award of the Madras European School-Leaving Certificate.

1. The following scheme for the award of the Madras European School-Leaving Certificate is published for general information.

2. *To whom awarded.*—The certificate may be awarded, on the completion of their school course, to boys or girls who—

(1) have attended one or more recognized European schools from at least the seventh standard upwards, and

(2) have attended each of the seventh, eighth and ninth standards either (*a*) for not less than 60 per cent of the number of working days in each term and for not less than 120 working days in each school year, or (*b*) for not less than 150 working days in each year.

The school year will be the calendar year. A school day shall consist of at least four hours of secular instruction; but two meetings each of not less than two hours whether on the same or on different days shall be counted as one school day.

Days of attendance at the European School-Leaving Certificate Examination count as days of regular school work for purposes of calculating attendance.

A pupil who goes from one school to another in the course of a term may be permitted to count his attendance during the year, provided that (1) he has attended school for 60 per cent of the days at both schools and (2) the total admissible attendance at both schools amounts to not less than 150 days in the year and he has put in a total attendance of not less than 120 days.

Shortage of attendance will, in specially hard cases, be condoned by the Director of Public Instruction. Application for the condonation of such shortage should be made to the Inspector of European Schools in the first week of November.

3. *By whom awarded.*—The certificates shall be awarded by a Board consisting of the Inspector of European Schools as President, two officers of the Government Educational Service and five non-official members.

The members of the Board shall be appointed for a period of three years and shall be eligible for reappointment.

The Secretary to the Commissioner for Government Examinations shall be Secretary to the Board.

The Board shall arrange for the award of the certificates in accordance with the provisions of the scheme.

4. *Scope of the certificate.*—The certificate will take into account the school work done by the pupil from the seventh standard upwards, and shall also contain the results of the European High School Examination conducted by the Board as well as of the Middle School and any other examination. It shall show exactly what subjects a pupil has studied, and discriminate fairly between one pupil and another as to the benefit he has received from his school course.

The subjects of study and syllabuses will be found in the Regulations and Syllabuses published separately.

5. *The preparation of the certificate.*—Every pupil on entering the seventh standard shall be provided with a blank certificate book, to be kept in the custody of the school so long as he remains there, the entries in the certificate for each term being made in due course by the headmaster.

The results of school work shall be entered against each subject taught in the school in the form of the number of marks gained out of a maximum of 100 for each subject, except physical training, in the case of which remarks will be entered. The school work of a year in which the pupil is not promoted to a higher standard shall not be taken into account.

In the award of marks, which should always be in the form of whole numbers, what should be aimed at is the valuation of the ordinary, regular work done by the pupil in his progress through the syllabus of work in each subject. This does not on the one hand mean the awarding of marks for anything and everything, nor on the other hand the assessing of work exclusively on formal, stated occasions of which due notice has been given and for which special preparation has been made. Marks should not dominate the school work, although they may be given for every type of such work—for oral work, formal, written exercises, class and preparation notes, and occasional tests. It is recommended that as a rule marks be not assigned for home-work.

Annexure A gives the form of marks register that should be adopted. On every page of the register entries relating to only one subject and standard should be entered. It is recommended that an invariable maximum be not prescribed for each lesson or exercise, nor for each separate subdivision of any particular subject, but that the marks to be assigned be fixed with reference to the relative importance of each lesson, exercise or subdivision. The final aggregate marks assigned to a pupil, which should indicate his attainment in the subject as a whole, should be reduced to a percentage. In the case of pupils absent on medical certificate or on leave duly sanctioned, the percentage should be calculated exclusively on the maximum marks for the days they were present. The headmaster will check all marks, and enter them in a separate abstract marks register maintained exclusively by him, entries being made in this register three or four times a term. He will endeavour to secure a uniform valuation of the work in his school.

Provision is made in the certificate for comments by the Inspector, whenever necessary, on the school marks.

6. *The issue and care of certificate books.*—Certificate books will be issued through the Inspector only to headmasters, who will issue them to their pupils. Applications for blank books should be accompanied by a Treasury receipt for the total cost, calculated at 4 annas 6 pies a copy.

Certificates will ordinarily be kept in the custody of the headmaster, but may be given to pupils for exhibition to their parents or guardians. It will obviously be necessary to take the utmost possible care to preserve them from loss, injury or destruction. Duplicate copies should be maintained in a register in the form of Annexure B.

The greatest care will be taken of certificates while in the custody of the Department, but no responsibility can be accepted.

Under no circumstances should pages be removed or erasures made in a certificate. Any alterations that may be necessary should be legibly signed and dated by the headmaster, as any such alterations may become the subject of future enquiry. Erasures and unauthenticated or fraudulent alterations will lead to the cancelment of a certificate.

The certificates of pupils who give up their studies in the middle of the course may be returned to them, if claimed. If they are not claimed, they should be filed among the school records.

Whenever necessary, supplemental sheets will be issued by the Inspector, all such sheets will bear the number of the certificates in which they are to be inserted and will be signed and dated by the Inspector. Such sheets should be firmly gummed or pasted in the certificate book.

If a certificate remains unclaimed with a Headmaster for two years, he will forward it to the Secretary, who will acknowledge its receipt. The Secretary will periodically publish in the *Fort St. George Gazette*, once in every six months, lists of such unclaimed certificates forwarded to him, and destroy them by burning if they are not claimed within a period of one month from the date of the publication of the notification. Such certificates as are claimed within the period will be returned by the Secretary to the applicants.

If a pupil's original certificate book is lost, a duplicate copy, numbered and marked 'duplicate' in red ink on each page, will be issued by the Inspector, but the clearest possible evidence of accidental loss or destruction should be furnished by the headmaster applying for a duplicate. The fee for a duplicate copy of a certificate book is Rs. 5 which should be paid into a Government Treasury, the treasury receipt being attached to the requisition. On receipt of the certificate book the headmaster will fill in all the particulars except the marks of the High School and other Examinations, and return it to the Inspector with a declaration that on receipt of the certificate it will be issued to the pupil to whom the original certificate was issued and to none else. After completing the certificate by entering the examination marks and signing the page or pages on which they are given, the Inspector will return the certificate to the Headmaster to be passed on to the pupil to whom it should go.

Should for any reason a school cease to exist, the mark lists and other records relating to European School-Leaving Certificates should be sent to the Inspector for custody.

7. *The school course.*—A break in the continuity of the school course, whether in the case of a pupil reading for a supplementary course or otherwise, will be condoned by the Inspector where such break is due either to illness properly vouched for or for other sufficient cause, in which case the pupil may be re-admitted into the standard in which he was previously reading, unless he has completed the course in that standard and is qualified for promotion, in which case he may be admitted into the next higher standard. By 'break' is meant an absence from school for one whole term or more.

The certificates of pupils coming from provinces where school-leaving certificates are not maintained will contain records relating to the standard or standards in which the pupil has read after coming to this Presidency.

The Inspector may cancel the promotion of pupils whose attendance in the first or second terms of the preceding year has not qualified them for promotion. Such pupils will be allowed to count the attendance registered in the higher standard towards their attendance in the lower.

Headmasters are entitled to refuse admissions to a supplementary course to pupils who, they consider, will not take suitable advantage of the course, and they are further entitled to dismiss a pupil from the course who is idle and insubordinate. Therefore only in exceptional cases ought it to be necessary to debar a pupil taking a supplementary course from appearing for the High School Examination.

8. *The High School Examination.*—At the end of the course in the ninth standard and by the 10th December the latest, the Headmaster will forward to the Secretary the certificates of such of his pupils as wish to complete them by appearing for the High School Examination and as are, in his opinion, competent to appear for that examination.

The certificate of no pupil whose age will be below fifteen on the first day of the month in which the examination will be held, i.e., the 1st November, shall be forwarded, unless special exemption from the operation of this rule has been obtained (through the Inspector). The Director is competent to relax the rule in the case of pupils whose applications for exemption are supported by their headmasters and accompanied by certificates of physical fitness to withstand the strain of an examination, from registered medical practitioners. The Inspector is authorized to sanction alterations in the date of birth of pupils entered in their certificates on the production of clear evidence that the original entry was incorrect.

A notification giving full particulars regarding centres of examination, dates, etc., will appear in the month of August every year in the *Fort St. George Gazette*. The certificates will not be sent with the applications for admission to the examination called for in this notification, but will be sent later—at the completion of the ninth standard course. The examination fee is Rs. 15.

9. *Other public examinations.*—The marks obtained by a pupil at any other public examination will be entered by the Inspector on the appropriate page of the pupil's certificate and attested.

10. *The award of certificates.*—Certificates filled in will be returned by the Inspector to the headmaster of each school for delivery to those who are leaving school.

In the certificates of all pupils who in his opinion are not competent to appear for the High School Examination the headmaster of each school will write the word 'cancelled' in red ink across the record of work in the ninth standard. This will also be done when a pupil fails to secure promotion from either the seventh to the eighth or from the eighth to the ninth

standard, 'Cancelled' being written across the record of the work in the seventh or the eighth standard, as the case may be.

The results of the public examination will not be entered in the certificate of any pupil whose certificate does not show the requisite attendance during any term.

When evidence is laid before the Director showing that any person to whom a certificate has been or is proposed to be given under the rules has been guilty of what is, in his opinion, a serious offence, the Director may cancel or withhold the certificate.

11. *Supplementary certificate.*—If a pupil wishes to improve his certificate, whether in regard to its quality in one or more subjects already brought up or by bringing up additional optional subjects, he may go back to the same or any other recognised school, and appear at a succeeding examination in such subjects as he wishes to be re-examined in or present as additional subjects, but a certificate will be considered as having been 'completed' only when the High School Examination has been passed in accordance with the requirements of the regulations of that examination.

There shall be no limit to the number of times which a candidate may be re-examined. Pupils who have already undergone a supplementary course for one year will be allowed to appear for subsequent examinations without attending a school.

The fee for re-examination will be Rs. 15 whatever the number of subjects in which the pupil is examined. For examination in each additional subject the fee will be Rs. 3, provided that no pupil shall be called upon to pay more than Rs. 15 on any occasion.

In either case further entries will be made in the pupil's original certificate with regard to his progress in the subjects repeated or taken additionally, as the case may be, and the examination marks will, as before, be entered by the Inspector.

12. *Subsidiary rules.*—The Board shall be competent to propose such subsidiary rules connected with the award of certificates as it thinks fit. Such rules will be notified from time to time by the Director of Public Instruction.

13. *Date from which the scheme is to take effect.*—The scheme will come into force from 1st January 1926, and the first examination under it will be held in November-December 1925.

CASTOR CROP OF 1926.

(On an average of the five years ending 1923-24, the area under castor in the Madras Presidency has represented some 22 per cent of the total area under castor in India.)

The area under castor in the Madras Presidency in 1925 is estimated at 359,900 acres as compared with 333,000 acres estimated on the same date last year, or an increase of 8 per cent. Last year's estimate was 7 per cent below the actually recorded area of 358,700 acres.

2. There was a reduction in area in Ganjam, West Godavari, and Kistna due to heavy rains in the sowing season and a reduction in Anantapur and Coimbatore due to insufficient sowing rains. The area in Kurnool increased by about 12,000 acres owing to the favourable season. The areas in the other districts were almost stationary.

The crop in parts of the Circars was affected by heavy rains. The season has been favourable in Guntur and the Deccan and yields above normal are expected. The crop in Salem, Coimbatore, and Trichinopoly was affected by drought. Normal yields are reported from most of the other districts.

The seasonal factor for the Presidency works out at 101 per cent of the average against 103 per cent in the previous year according to the season and crop report. On this basis, the yield is estimated at 37,400 tons as against 35,500 tons estimated on the corresponding date of last year and 37,600 tons estimated in the season and crop report of last year.

3. Figures by districts are given below :—

(Area in hundreds of acres, i.e., 00 being omitted; yield in hundreds of tons, i.e., 00 being omitted.)

(3)	Increase (+) or decrease (—) of the area in column (2) as compared with the area in column (3). (4)	Percentage of the estimated yield per acre of the area in column (2) as compared with the average yield per acre in a year of average season (5)	Estimated yield of the area in column (2). If you wish to draw toddy from private trees you must make your own arrangements with the owners thereof; if from Government trees, you must abide by the prescribed rules and make your own arrangements with the renters of such trees or the persons who enjoy the right to the usufruct.

6. You will be entitled to a refund of tree-tax on each proof gallon of liquor actually outturned at the distillery. The rate of refund has been fixed at Re 1-3-0, per proof gallon subject to revision in case of an alteration in the amount of tree tax. But the total amount of refund payable for each half-year ending 30th September and 31st March will not exceed the amount of tree-tax paid by you for the same half year. If the outturn of spirit at the distillery be in excess of that properly admissible having regard to the number of trees tapped you will be liable to pay double the duty at the tariff rate as such excess as penalty.

7. You shall maintain in the distillery such maximum stock of liquor as may be fixed by the Commissioner.

8. The arrack supplied shall be of good quality, and if found unfit for human consumption after analysis in the Commissioner's laboratory, will be rejected and destroyed under the orders of the Commissioner. The officer in charge of the distillery will be empowered to stop, pending the orders of the Commissioner, the issue of arrack which he may consider bad, and will be required to send samples of such arrack for analysis without delay. Purchasers shall be entitled to object to the quality of the arrack before taking delivery but not afterwards. The validity of all such objections will be decided by the Commissioner.

9. Foreign liquor dealers throughout the Madras Presidency shall be entitled to have coconut toddy arrack issued to them in the order of their applications and with all reasonable despatch in such quantities as may be required, on proof of payment of duty at the prescribed rate for the time being per proof gallon into a Government treasury. You shall not be entitled to refuse to supply any licensed foreign liquor dealer on payment of the value in legal tender so long as you have sufficient stock at the distillery.

10. Failure to supply arrack as specified in the above condition within a reasonable time will entail a penalty at the discretion of the Commissioner not exceeding Rs. 5 per proof gallon of the arrack not supplied for every day, during which the failure continues. The penalty may be deducted from your deposit or may be recovered under the Revenue Recovery Act. All sums so deducted from your deposit must be replaced within fifteen days.

11. You shall, if the Commissioner so orders, be bound to hand over at the close of your lease at rates to be fixed by him such quantity of coconut toddy arrack (not exceeding two months' average issues to foreign liquor dealers throughout the Presidency) as he may direct. Provided that the Commissioner shall give one month's notice of his requirements under this condition.

12. An account will be taken of the stock of spirit at the distillery at such intervals, not being greater than three months as the Commissioner may direct, and you shall pay to Government duty at the tariff rate on all spirit which may not be forthcoming, and for which you are unable to account to the satisfaction of the Commissioner, in excess of an allowance of ½ per cent which will be made for wastage and calculated annually. This provision is subject to variation under special agreement if the spirit is not stored in vats.

13. You shall observe and keep all the rules applicable to the distilleries generally and to the issue of spirits therefrom prescribed by Government and published in the *Fort St. George Gazette*, pages 364—371, Part I, of the 1st April 1924 in Notification No. 113, dated 19th March 1924, and also all such further rules as may under the authority of the Madras Abkari Act, 1886, or other law for the time being in force and relating to the Abkari revenue, be made by Government (Ministry of Education) or by the Commissioner of Excise.

14. When the period of the licence expires and the conditions of the licence have been fulfilled, you shall surrender your licence, and the Secretary to the Commissioner will return to you the deposit of Rs. 10,000 (ten thousand) made by you for the due performance of the contract or so much thereof as shall remain after such deductions as are herein provided for have been made.

15. On the expiry, cancellation or forfeiture of the licence, the balance of liquor in hand shall be forthwith surrendered to the Collector of Malabar. It will thereupon become the property of Government and may be destroyed or otherwise disposed of by the Collector under the orders of the Commissioner. If such liquor be sold, the net sale-proceeds of liquor will be paid to you within a period of two months. Provided that if, on or before the expiry of the said period of two months, you should be indebted to Government in any sum, the whole of the said net-price or so much thereof as shall be equal to the sum in which you shall be so indebted may be retained by the Collector.

16. Government reserve to themselves power to extend the distillery at Chavakkat or to erect another distillery elsewhere for the manufacture and supply of coconut toddy arrack to foreign liquor dealers in the Presidency.

17. You shall see that all receptacles in which the arrack is issued from the distillery are labelled 'spirit manufactured in Malabar' before they leave the distillery. The issue of coconut toddy arrack to private persons from the distillery shall be prohibited. Liquor issued to licensed vendors of foreign liquor and coconut toddy arrack, shall be transported under a permit granted in that behalf by the Distillery Officer.

18. You shall maintain correctly all such forms and accounts as may be prescribed by the Commissioner.

19. You shall render all possible help to the officers of the Excise Department in preventing offences against the Abkari laws.

20. In all matters not expressly provided for herein you will be bound to accept the ruling of the Commissioner subject to an appeal to Government.

21. If it appear at any time to the Commissioner that you are unable or unwilling duly to execute your engagements under the contract, the Commissioner will be entitled to enter into possession of the premises and to make any arrangements that appear to him necessary in the circumstances.

22. Infraction of any of the conditions of the licence either by you or by any person in your employment will entail on you at the discretion of the Commissioner

(a) a fine up to Rs. 50 or
(b) forfeiture of deposits and cancellation of licence and disposal of the privilege at your risk.

W. A. BRITO,
Secretary to the Commissioner of Excise.
